**COVER LETTER REGARDING SUBMISSION OF
SECOND SUPPLEMENTAL APPLICATION DATA SHEET**

Commissioner for Patents
U.S. Patent and Trademark Office
Customer Service Window
Randolph Building
401 Dulany Street
Alexandria VA 22314

Sir:

In accordance with 37 C.F.R. 1.76(c) and additional to the Application Data Sheet filed concurrently with the application and the Supplemental Application Data Sheet filed July 6, 2006, Applicants submit herewith a Second Supplemental Application Data Sheet [hereinafter SADS].

Applicants note that the SADS attached hereto correctly identifies the Foreign Application filing date as **---December 4, 2003---**, instead of December 4, 2004, which incorrectly appears on the Filing Receipt (but was correctly identified on the Declaration and the Supplemental Application Data Sheet). Additionally the SADS attached hereto also correctly identifies the Residence of the first Inventor as **---Fuji-shi, Japan---**, instead of Tokyo, Japan, which incorrectly appears on the Filing Receipt (but it was

correctly identified on the Declaration). Accordingly, Applicants respectfully request entry of the attached SADS.

Applicants also note that the attached SADS correctly identifies the Residence of the second Inventor as Fuji-shi, Japan, which was correctly identified on the Declaration and the Filing Receipt, but was incorrectly identified on the previous Application Data Sheets.

Furthermore, Applicants note that the attached SADS correctly identifies the filing data of the present application which is the international filing date of December 2, 2004.

Applicants note that no fee is believed necessary for entry of the attached SADS. However, if a fee is deemed necessary, the U.S. Patent and Trademark Office is hereby authorized to charge Deposit Account No. 19-0089 any fee necessary to ensure entry of the attached SADS and the pendency of the present application.

If there are any questions with regard to this submission, the Examiner is requested to contact the undersigned at the telephone number listed below.

Respectfully submitted,
Akira OTANI et al.
